

Dear Commissioner Ezell,

The TABC Commissioners would like to recommend to you and the Economic Recovery Group extending Executive Order 17 regarding expanded takeout and delivery options for Tennessee restaurant license types beyond the current April 30, 2020, expiration date. The Commissioners recommend a 30-day extension and possible further 30-day extensions if appropriate at later dates. The Commissioners believe a temporary extension will help the licensees included in Executive Order 17 financially survive until a full reopening occurs. The Commissioners unanimously approved a motion to recommend this on Thursday, April 23, 2020, during the April TABC Commission meeting.

Please contact me at your earliest convenience if you have questions regarding their recommendation.

Sincerely,
Russell Thomas
